**Section 7. Command Discrimination.** The principal features of this exercise are the dog's correct response to the handler's commands and/or signals and that the dog stays until the handler returns to heel position.

The orders are: "Leave your dog" and "Back to your dog." The judge must use signals for directing the handler to command and/or signal the dog to change position except for the first position and that order is: "Stand your dog" or "Down your dog."

The handler will stand with the dog sitting in heel position in a place designated by the judge. The judge will ask "Are you ready?" before giving the first order to "Stand your dog" or "Down your dog." The handler will give a command and/or signal for the dog to change position. On further order to "Leave your dog," the handler may give a command and/or signal to stay and will immediately walk forward 15 feet, turn, and face the dog. On the judge's signal, the handler will give a command and/or signal for the dog to change to the second position. The judge will then order "Leave your dog." The handler may give a command and/or signal to stay and will immediately turn around and walk forward an additional 15 feet, turn, and face the dog. On the judge's signal, the handler will give a command and/or signal for the dog to change to the third position. The judge will then order "Back to your dog." The handler may give a command and/or signal to stay, and then must return directly, walking around and in back of the dog to heel position. The dog must stay in position without additional commands or signals until the handler has returned to heel position.

**Judging Procedure:** This exercise must be performed on a long dimension of the ring. The 15 foot distances must be clearly marked. The judge must be positioned so that both the dog and handler are under continuous observation during the entire exercise. An excellent position for judging this exercise is at an adequate distance to the side and slightly to the rear of the dog.

**Section 8. Command Discrimination, Scoring.** A dog that fails to obey the handler's first command and/or signal for each position or that does not stay until the handler returns to heel position must receive a non-qualifying (NQ) score.

Substantial deductions will be made for a dog that changes position after the handler has returned to heel position and before the judge has said "Exercise finished."

Minor or substantial deductions, up to a non-qualifying (NQ) score, will be made for a dog that walks forward.

# SPECIAL ATTRACTION FUTURE OPEN ADDENDUM

## Section 13. Retrieve Over High Jump.

## Section 14. Retrieve Over High Jump, Scoring.

## Section 15. Broad Jump.

## Section 16. Broad Jump Scoring.

Section 17. Stay – Get Your Leash. The principal feature of this exercise is that the dog remains in the sitting or down position, whichever is required at the time.

The orders are: “Sit your dog,” “Down your dog,” “Leave your dog,” “Leave your dog to get your leash” and “Back to your dog.”

For the first part of this exercise, the handler will stand with the dog sitting in heel position in a place designated by the judge. The judge will ask “Are you ready?” before giving the first order. On the judge’s order the handler will command and/or signal the dog to sit or down without touching the dog or the dog’s collar. On further order to “Leave your dog,” the handler may give a command and/or signal to stay and will walk forward immediately to a place designated by the judge, turn, and face the dog.

After one minute from the time the judge ordered the handler to leave the dog, the judge will give the order “Back to your dog.” The handler must return directly, walking around and in back of the dog to heel position. The dog must not move from the required position until after the judge has said “Exercise finished.”

Before starting the second part of this exercise the judge will ask “Are you ready?” On the judge’s order, the handler will command and/or signal the dog to sit or down without touching either the dog or the dog’s collar. On further order to “Leave your dog to get your leash,” the handler may give a command and/or signal to stay and will walk forward directly to the place outside the gate entrance designated by the judge for the leash. The handler will pick up the leash, re-enter the ring, stop at the gate entrance facing the dog, and wait for the judges’ order “Back to your dog.” The handler must return directly, walking around and in back of the dog to heel position. The dog must not move from the required position until after the judge has said “Exercise finished.” The judge will tell the handler “Attach your leash to the collar and maintain control of your dog.” The handler is required to exit the ring with the dog under control and without jumping, pulling or tugging on the leash.

**Judging Procedures:** *Prior to the start of judging, the judge will decide where the leash will be placed, either on the judges’ table or tableside chair. The leash will be placed outside the ring by the steward after the dog and handler have entered the ring for judging. For both parts of this exercise, the handler must remain at least 30 feet away from the dog until ordered to return to the dog. When positioning dogs for the second part of this exercise, judges should ensure that such positioning will permit the dog to keep the handler in its direct line of vision as the handler leaves and returns to the ring. During this exercise the judge must be in position to watch the dog and see the handler leave and return to the ring. Once the exercise is finished, the judge must watch the dog and handler exit the ring together.*
