

Walking in Balance With Your Dog

By Sue Cox

On March 15, 2012, attend the WSOTC member meeting and learn skills from Martha Jordan to improve your relationship and

performance with your dog both in training and in the ring. Walking is something we all do every day. It is an important aspect of dog training and competition – heeling and much more. How does it feel for you to walk freely, change pace, move out, make efficient turns, balance with your dog? Does your balance or body language hinder your dog?

Explore Martha's innovative way to enhance your ability to walk with your dog with more ease and flexibility using Feldenkrais strategies.

Likely you will leave being able to walk with more ease, having more clarity of connecting with your legs and hips so you can walk in balance with your dog.

How will this help your dog and you?

Your improved awareness of your body will enhance your dog's performance. If you are in balance, your dog is more confident beside you.

You will be able to convey with more clarity through your body information which will enhance your training and performance. This is simple and fun, a

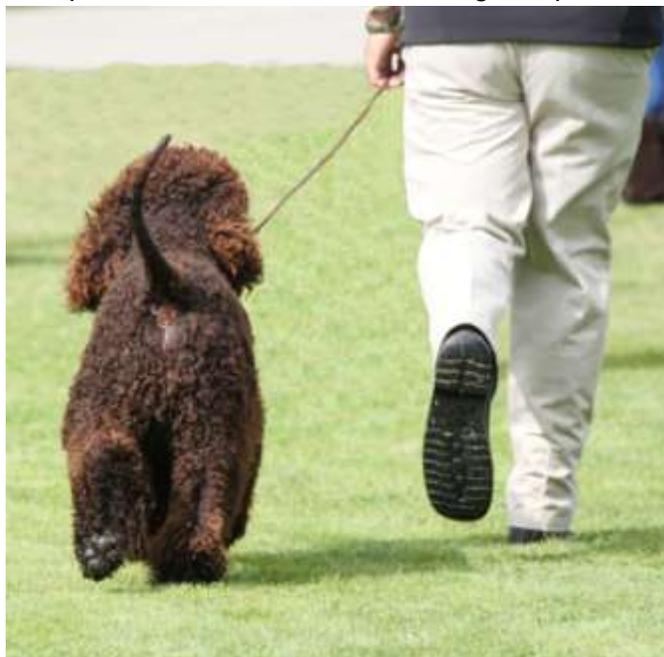

great way to be a better partner with our canines.

Martha feels excited about sharing these strategies with you – they've worked well for her and many others. Discover an easeful way to walk a straight line, do figure 8's and zoom around a Rally course too – with grace and ease for you and your dog.

Biography: James W. Smith, WSOTC's AKC Nominated Delegate

Jim Smith admires Rhett, one of his beloved Smooth Fox Terriers.

In June, 1956, I exhibited my first dog at an AKC show and have been at it ever since. At that time, I was showing Dalmatians but quickly became

attracted to terriers. I acquired a Wire Fox Terrier in 1957 and have had Smooth Fox Terriers along with the Dalmatians since 1962. I continue to actively show both breeds. I have served the American Fox Terrier Club as secretary, 1968-1975, delegate, 1973-1975, and president, 1991-1993, 1996-2000 and 2010 to the present.

I have been the delegate of the Dalmatian Club of America since 1986. My other roles include AKC board of directors, 1993-1997 and chairman from 1994-1995.

I own two firms which supply different segments of the concrete construction industry and have no plans to retire.

I have never been involved in the companion events, save obedience stewarding years ago. However, I have had plenty of exposure to the issues concerning that part of our sport, as a result of parent club involvement for so many years.

I am looking forward to serving the membership of WSOTC. I will follow the wishes of the club on all votes which I cast as your delegate and will do my best to keep you fully informed.

Karen Snee Invites You to WSOTC's Annual Awards Meeting

February 16, 2012

7:00 p.m.

Please plan to attend the February 16th club meeting. I will present the 2011 awards including plaques, title plates/ and our Top Dog award. Top

Dog goes to the dog with the highest aggregate/average scores achieved while obtaining a regular obedience title. I look forward to celebrating the achievements of our members!

Don't forget to enter the Club's obedience trials...there will be a new award and trophy going to the obedience team with the highest regular obedience score at our trial. Presentation to be announced at a later date.

I look forward to seeing you there,

WSOTC Awards Chair Karen Snee

Listing Opportunity for 2012 WSOTC Trial Catalogue Pet Page

The deadline is approaching to list your existing dogs in the Pet Page section of our 2012 catalog. What a wonderful way to honor your present dogs or other pets. And what better way to remember your past dogs by listing them in the In Memoriam section of the trial catalog?

The listings will show the dog's call name or registered name, titles, breed and your name for \$3 a listing. If you have the form which came with your dues statement, use that. You may submit the form to the treasurer with your dues payment. Or, send them to me, checks payable to WSOTC.

If you are not a trophy donor, how about lending some financial support to the 2012 trials by becoming a Friend of Obedience donor? Donations in any amount will be much appreciated. Again, make your check payable to WSOTC and send it to me, or submit it with your 2012 dues payment which you'll send to Wanda Diemert, treasurer. The deadline to be included in the catalog is February 24, 2012. Sue Cox, 206.546.2230

Rusty's lifetime.

Kathy Teufel Says Good-by to Rusty

Less than a month ago, we lost our dear Rusty, a Border Terrier, at age 14-years-and-nine-months-old. We miss him but have great memories. Although he was not into obedience, he did love agility, and was a great sub at WSOTC Exhibitions. At one WSOTC trial he earned extra RN legs and made his first placements!

*Good-by Rusty,
Kathy Teufel*

AKC Proposes to Realign Groups

The Executive Secretary gave an overview on the amendments pertaining to the Group Realignment as follows: The effect of the amendments will be to increase the number of variety groups at an all-breed show from seven to eleven. The changes include splitting the Sporting Group into two groups, the Hound Group into two groups, and the Working Group into three groups.

The full list of the proposed groups is included on the worksheet previously distributed and is on the Portal. You will be asked to vote on increasing the number of groups as well as the name of these groups. The actual assignment of breed groups will be made by the AKC Board, considering the recommendations of the Realignment Committee and all pertinent input from the breed Parent Clubs.

The Executive Secretary read the proposed amendment to Chapter 6, Section 3, of the *Rules Applying to Dog Shows – Premium Lists and Closing Entries*, which would remove all references to seven groups and eliminate a specific number.

This same amendment was brought forward by the AKC Board of Directors. It will be published in two issues of the AKC Gazette and voted on it at the March 2012 meeting.

The Chair recognized Gretchen Bernardi, Delegate for the Mississippi Valley Kennel Club, who spoke as follows: I think I know the answer, but I would like the answer on record. I'd like a clarification because all of these amendments regarding realignment have come from the Realignment Committee. Our bylaws do not allow an ad hoc committee to bring forth an amendment, only a standing committee. I presume this is really a Board proposal. Could we have clarification on that?

Mr. Crowley: Correct. That was my misstatement. The Realignment Committee was a Board –appointed committee that made the recommendations to the Board. It was actually the Board that adopted the proposed recommendations to the changes, so it's from the Board of Directors.

The Executive Secretary read the proposed amendment to Chapter 3, Section 1, of the Rules Applying to Dog Shows-Dog Show Classifications, which would increase the number of groups from seven to eleven. The amendment is made by the Board of Directors. It will be published in two issues of the AKC Gazette and you will be asked to vote on it at the March 2012 meeting.

The Executive Secretary read the proposed amendment to Chapter 3, Section 15-20, of the Rules Applying to Dog Shows-Dog Show Classifications, which would remove all references to seven groups and eliminate a specific number. The Delegates must still approve any increase in the number of groups listed in Chapter 3, Section 1, so all of the references to a number are unnecessary.

The amendment was made by the Board of Directors and will be published in two issues of the AKC Gazette and voted on at the March 2012 meeting.

The Chair recognized Patricia Laurans, Delegate for the Wirehaired Pointer Club of America, who spoke as follows: This is a request, not a question. As a result of discussions held at the Parent Club Committee meeting, we understand the role and responsibility of the Board to assign the breeds to a group. We request that the breeds assigned to each group, which would be approved by the Board, be made public to all of us so we can contact our clubs to be able to do a more knowledgeable vote at the time of the March meeting. Thank you.

The Executive Secretary read the proposed amendment to Chapter 2 of the Rules Applying to Registration and Discipline – Registrable Breeds by Group, which would increase the number of groups from seven to

This amendment was adopted by the Board of Directors and it will be published in two issues of the AKC Gazette and voted on it at the March 2012 meeting.

February 25, 2:00 p.m. to 5:00 p.m.
Family Dog Training Center in Kent hosts its first Canine Musical Freestyle Practice/Fun Match on Saturday, February 25.

The Fun Match will be organized similarly to Family Dog's traditional Ten-Minute Tickers to simulate a competitive environment.

You might even want to take advantage of this Fun Match to work on your dog's tricks in a new venue with spectators.

Interested in watching freestyle? There's no charge for spectators, so plan to come and watch area freestylers practice their routines.

Registration fee is \$10 for 10 minutes of ring time. Pre-register to request a specific time-frame or register onsite between 1:00 p.m. and 1:45 p.m. Link to the Flyer for the Freestyle Practice/Fun Match here:

Braggs

Tiki finished her UD at Puyallup. She is: HR, URO1, **ADIRONDAC'S KOURA TIKI**, UD, BN, GN,GO, VER, TDX, AX, OAJ,NF, RE, SH, WCX,CCA, Can CD, TDX, WC
At a "mock" Nose Work trial, she successfully completed all four elements – box work, car search, exterior search and interior search, which was done by about 25 percent of the 39 dogs entered. She finished first in Sporting Dogs, first in box work, and third overall. Placement is done by score and time. It doesn't count for anything but bragging rights, but I learned a lot. Given the 15 hour investment in time for the day, \$60 entry fee for each dog (I ran Koki too who did Okay, but only passed three elements), ferry fare and gas, I was questioning my sanity. I enjoyed running my girls, watching some of the dogs run, but it was an awful lot of sitting around time....
