AGILITY TRIAL REPORT 2013

From Co-Chair Wanda Diemert:

As the co-chair of this trial, I would like to thank the WSOTC members that supported this trial and so many of the SnoKing Agility Club members that helped create a very successful trial under the very unfortunate absence of our previous and wonderful chair, Dee Carlson. I am not sure what we would have done without all the great people that stepped in to cover all the bases, supporting me in my times of desperation, keeping me aware of things that needed attention, setting up and manning the rings, break them down, and reloading the trailer with all the equipment. Duane and Kathy Timmons along with Dan Salinas arrived Thursday evening to set the rings for an early start Friday to build the courses. Chief course builders extraordinaire Duane Timmons, Stephanie Rainwater, Dan Salinas, and Cheri Levine, along with many helping hands, built the courses each day. Chief ring stewards Shannon Jackson and Sherry Banks kept the rings manned with workers and running smoothly, even though the trying times for the novice classes and T2B Sunday afternoon. I cannot even begin to mention names of all the people that stepped in to help at the end, loading the last items in the trailer. There were large donations made to honor Dee to the Maltby Food Bank and to Homeward Pets in the form of food for both people and pets. Thank you so much!

Thank you one and all and you know who you are and are so appreciated. Without SnoKing peeps this would not have been the success that it was. So glad to have such wonderful people in my life. Thank you!!

Looking forward to the next WSOTC Agility trial in 2014, back at Argus Ranch.

From Co-Chair Nancy Light:

I would also like to thank all who helped with our trials. The loss of Dee was not only a personal tragedy, but a devastating loss to the obedience and agility communities. It was quite daunting to step in as chair for our event, though Dee had already many things in order. WSOTC members stepped up to the plate to help. Lynn Brimmer was there for both set up (bringing her daughters as well) and take down, Dick and Marilyn Ashby were responsible as always for taking care of the ribbons and rosettes. Linda Aitkins stayed till the end taking down too, so appreciated as it was hot and we all wanted nothing more than to go home after a long weekend. Wanda was incredible gathering workers from SnoKing and elsewhere in the agility community for key positions such as course building and chief ring stewards. She also took care of arranging the porta potties and numerous other tasks, including her Treasurer duties of getting everyone paid, and was there from start to finish.

The judges, Franna Pitt from Auburn, and Ronda Bermke, from Wisconsin, were great, with wonderful courses and were pleasant and easy to work with. Even the weather was pretty cooperative, wonderfully pleasant on Friday particularly, maybe a little too warm for comfort on Saturday and Sunday afternoon. We did hold a general meeting on Saturday so we could have a first reading for Dori Ayala who will be joining our Club. (details elsewhere). She brought her daughter (who had been taking 4-H classes with Dee) and they helped in the rings, leash running and setting bars. As Wanda mentioned, there was a great quantity of donations, in Dee's name,—213 pounds to the Maltby Food Bank, and a couple of truck loads to the Homeward Pet Adoption Center. They were both hugely appreciative. Special thanks to Fred Drennan for taking it to Woodinville.

R2 agility (Robin and Robin) did a great job handling the Secretary duties as well as other details. It is likely we will hire them to take on running most of the event next year since we don't have anyone to take over the trial chair.

CGC TEST RESULTS SPRING CLASSES!

Robin and his Afghan at the WSOTC Agility Trial 2013

Open B stay lineup with the usual suspects at WSOTC's 2013 obedience trial.

The CGC test was held on Tuesday May 28th at the Lake City Community Center. I wish to thank my very exceptional evaluators who were; Kristin Adix, Janice Bergman, Hannah Cox, Bruce Crawford, Wanda Diemert, Nancy Griffin, Lillian Jessup, Jeremy Slocomb and Bob Wright. Their efforts resulted in accomplishing the requirements of the testing very smoothly and efficiently in just one hour. We express special thanks to our very own mat queen, Janice Bergman and Nancy Griffin for setting up mats and baby gates. Also, we thank Wanda Diemert for her excellent job at the registration desk. Bruce Crawford arrived at LCCC on a road trip from Idaho where he had participated in other dog activities in time to participate in the separation portion of the test. We are so grateful to Bruce for his dedication. I engaged my mother to be "part of the crowd" and my husband to assist Bruce with the separation segment. Twelve dogs were tested (10 purebreds and 2 mixed breed) and all passed. Three dogs were from Jean Rasbach's beginners class. Of special interest, Greta Wiegand's German Shepard Gabriel was a 6 month old puppy that easily passed. He is a very sharp youngster. The 12 handlers and their dog were:

| Ann Hargis | Wafer |
| Keegan Robbins | Cooper |
| Carolyn Traub | Phoebe |
| Greta Wiegand | Gabriel |
| Janice Bergman | Mica |
| Marilyn Barstow | Libbey |
| Linda Owens | Havana |
| Judith Marshall | Rebecca |
| James Unger | Copper |
| Meg Satz | Scout |
| Kathleen Lange | Hjalmer |
| Gail Gross | Gemma |

Thanks to all who remained for tear down and clean up. As a result we experienced a smooth quick turn around and were able to head for home in a reasonable amount of time. I am so grateful to you. You are a wonderful group of folks to work with.

All appropriate paperwork was submitted to AKC.

TRACKING NEWS (From Tracking-L yahooogroup)

New Tracking Event!!!

*TDU *— Effective August 1, 2013, clubs may begin applying to hold the new *Tracking Dog Urban (TDU) Optional Tracking Test* for events held on or after January 1, 2014. If your club is approved to hold tracking events of any kind it is eligible to hold the TDU Test. Judges eligible to judge TD events will also be eligible to judge TDU events. See more information here<<http://links.mkt1956.com/ctt?kn=3&ms=NTMOMDA3MQS2&r=MjQwNzA1NzEyMjgS1&b=0&j=MTU1NjYyMjAwS0&mt=1&rt=0>>

All American Dogs at AKC Tracking Events

Effective January 1, 2014 dogs enrolled in the AKC Canine PartnersSMProgram may enter All-Breed tracking tests at the club's option and clubs must indicate this on their event application.

Use of the Alternate Track

The purpose of plotting an alternate track is to have a track available should a test track be fouled. AN UNUSED alternate track may be used for a titling track provided it was plotted on the day of plotting. Judges are held to the maximum allowed tracks a day as noted in the Regulations.

As an example: combined TD/TDX test, the club applied to offer a 4/3 test with 2 judges, the judges plot 5 T's and 4 X's; if the alternate T is not needed to replace a fouled T track it *can* be used for titling on test day. If the alternate X track is not needed to replace a fouled track it *cannot* be used as a titling track because it exceeds the judges' limits.

Article Selection at Tests

- Judges to approve all articles
- Articles to be in tracklayer's possession long enough to ensure they carry primarily the scent of each individual tracklayer and not the scent of others
- TD — Two, one cloth, approximate size of glove or wallet; one glove or wallet
- TDX — Four, personal (of relating to or affecting a particular person, private, individual), dissimilar (not alike, different), about the size of a glove or wallet; only the last article may be a glove or wallet
- VST — Four, dissimilar, common everyday items, easily carried by tracklayer and safely picked up by the dog, not smaller than 2" x 4" or larger than 5" x 5", weigh no more than 8 oz., one leather, one rigid or semi-rigid plastic, one metal and one fabric
- TDU — Three, personal, dissimilar fabric or leather size of a glove or wallet; last article glove or wallet

Judges should take the time to discuss and agree on a sound procedure for selecting and approving articles prior to the test. This information should then be relayed to the Tracking Chairperson so it can be shared with the tracklayers.

July 2013

Tracking Dog Urban Test — Effective January 1, 2014

AKC licensed member clubs eligible to hold TD Tracking Tests will be allowed to apply to hold the new Tracking Dog Urban (TDU) Optional Tracking Test. This test is designed to make tracking more accessible to clubs and exhibitors in an urban setting. If your club is approved to hold tracking events of any kind it is eligible to hold the TDU test. Judges eligible to judge TD events will also be eligible to judge TDU events. TDU events will be approved to be held on or after January 1, 2014 and clubs may begin applying for the TDU events after August 1, 2013.

The fundamental features of the Tracking Dog Urban (TDU) Test are the dog's ability to follow a track laid by a person under a variety of scenting conditions in an urban environment and to find the articles dropped by that person. This is an optional titling event. Clubs are not required to offer this test and dogs are not required to earn the title to enter a TD, TDX or VST tracking test. [See more information](#) about the TDU Test.

AKC Canine PartnersSM Listed Dogs Eligible to Compete in AKC Tracking Events — Effective January 1, 2014

Effective January 1, 2014, mixed-breed dogs listed with the AKC Canine Partners ProgramSM will be eligible to compete in AKC Tracking Tests. Beginning August 1, 2013, clubs may submit an application for an all-breed Tracking Test and may offer competition for mixed-breed dogs listed with the AKC Canine PartnersSM Program at the club's option for any Tracking Tests held on or after January 1, 2014.

Applications for Tests have been updated to allow clubs to indicate whether competition will be offered to mixed-breed dogs. If your club has already applied for an event that will take place on or after January 1, 2014, you may still open the entries to mixed-breed dogs by contacting AKC at Tracking@akc.org or by calling 919-616-3908. The AKC Canine Partners ProgramSM offers clubs an opportunity to increase entries for events that do not typically fill and an opportunity to increase your membership.

New AKC Tracking Independent Contractor

The Companion Events Department is pleased to announce the addition of Mrs. Carol Ruthenberg of Illinois to the AKC Tracking program. Carol has been involved with tracking for over 25 years and started judging in 1986. She is a long time dog fancier and is a dedicated local and national club member. Carol brings a wealth of knowledge to this position and an eager zest to assist judges and clubs. As an independent contractor Carol will be able to continue to enjoy her role as a judge and exhibitor. Please join us in welcoming Carol in her new role.

Judging Panels for All Tracking Events

A Provisional Judge must judge with an Approved (regular status) Judge. No two Provisional Judges will be allowed to judge a test together.

Contacting and Hiring Judges

When making initial contact with judges about judging an event, it is imperative that clubs provide judges with the probable times they will be needed for both plotting and test day. Without being told otherwise, judges expect to plot the day before the test, typically from 9AM to 7, depending on the number of tracks, and then judge the dogs from about 9AM – whenever the last dog runs its track. Problems arise when clubs decide to run events outside of normal hours and do not share this information with judges until after they are hired.

Event Committee — Club Responsibilities

Clubs are required to list the Event Committee names in the premium and catalog. At least 5 members must be on site throughout the day(s) of plotting and test day(s). A minimum of 3 members must be available for a hearing should one be called.

Test Workers — Who may be at the site when?

For all Tracking Tests, tracklayers must be present on the day of plotting. For the TDX test, at cross-tracklayer must be present for each track. On the day of plotting, only the judges, AKC applicants, approved apprentices and those required for the laying of the tracks will be allowed in the vicinity of the tracking fields. Neither clubs nor judges should allow multiple tracklayers on any

All other persons connected with the test, such as exhibitors and owners or co-owners of a dog must not be in the vicinity of the tracking fields. While it is not encouraged, if circumstances at test require, a person entered in one test may lay tracks in another.

Tracklayer Etiquette

While it is the judges' responsibility to instruct the tracklayer so that each track is properly laid club's responsibility to school their tracklayers on proper tracklayer etiquette. How a track is pl the track goes, if it crosses roads or creeks, if there is standing water, if it goes between two judges changed their minds and did this instead of that, etc., should never be discussed off th of potential exhibitors, owners or co-owners, etc., of entered dogs.

The club must remind their tracklayers that maps must be kept confidential and not left out for viewing prior to the dog running the track. Additionally, it is the club's responsibility to remind it if there is an error in walking the track the morning of the test, the tracklayer is to go directly to discreetly and privately without any fanfare, to communicate exactly what happened so that th decide if the track is usable.

Draw for Entries — Specialty Clubs

Specialty clubs have the option of opening their tracking tests to all breeds. Specialty clubs m either (1) only their own breed or (2) through the use of a lottery draw, may allow other breeds specialty using the following procedure:

Draw (1) – Specialty breed without a title

Draw (2) – Specialty breed with a title

Draw (3) – Other breeds without a title

Draw (4) – Other breeds with a title

In the case of a combined test where the Exchange Policy will be in effect, the Specialty Breed preference in all tests, including the alternate list. Other breeds are serviced after the special instances.

Setup and Take Down

Work with Baray re/ plan for setup. Recruit people to help with set up Friday. Work with Lynn Brimmer who is in charge of the 4-H kids for take down/clean up on Sunday.

Other Duties: We will of course need ring stewards. Linda Shea is in charge of this so feel free to contact her if you can do this. We can use stewards who are also showing, so you need to let her know what classes you might be showing in. The only trophies we will have are High in Trial and High Combined and the 1st-4th prizes. So we will not be soliciting nearly as much. If you want to sponsor one of those, let Claudia Hegdahl know. If you usually donated a trophy, consider offering your time for stewarding or set up/take down. We may also have a Friends of Obedience fund, simply to support the trial, to lessen the red ink we are likely to have.

Don Rennick is in the process of contacting judges and we should have a slate soon. Will provide updates as we progress.....
